

5th Fair Trade International Symposium

In seguito allo sviluppo di un'attiva comunità internazionale di accademici e *practitioners* interessati alle attività del Fair Trade International Symposiums (FTIS – organizzati a Montreal nel 2002 e nel 2006, Montpellier nel 2008 e Liverpool nel 2012), l'International Steering Committee ha il piacere di annunciare la 5° Edizione del FTIS che sarà organizzata a **Milano dal 29 al 31 Maggio 2015**. Pensato per facilitare la relazione tra ricercatori, policy makers e practitioners, emersa durante il FTIS 2012, questa V edizione sarà organizzata dal **Politecnico di Milano** congiuntamente sia con la conferenza biennale **World Fair Trade Organization** che con la **World Fair Trade Week (Milano, 23-31 Maggio 2015)** ed in parallelo con **Expo 2015**, Feeding the Planet: Energy for Life.

La quinta edizione del Fair Trade International Symposium 2015, "Critically Developing the Fair Trade Movement: Trade justice in food, fashion and craft", si concentra su una analisi critica del movimento Fair Trade rispetto a differenti contesti chiave. La scelta di questi temi è in linea con la volontà sia di connettere il Fair Trade con Expo 2015 sia di favorire la ricerca su temi ancora inesplorati del Fair Trade movement. Partecipano all'evento **70 tra ricercatori e policy makers e 28 practitioners** che presenteranno **59 papers realizzati in 12 Paesi**.
